Desert Mashie Golf Club Newsletter

PRESIDENT'S MESSAGE

Desert Mashie Family,

We have survived the hot summer and cooled down after the heavy rains. This is Arizona, and I love it.

Our monthly tournaments continue to be a tremendous success with outstanding numbers. Thanks to Sean Colebrook, his committee. The 71st Annual was held in May and our beloved Leonard Walker was roasted. It was an affair to remember.

In June, 4 students qualified for scholarships, they were awarded on June 15th tournament at PebbleCreek Golf Resort. Recipients were: Cyleigh Russell Grace attending Tempe University, Briana Macedo attending Estrella Mountain Community College, Andrew Proctor attending Ferris State University and Olivia Monnet Lee-Daily attending University of Arizona. Thanks to Mary Gardner and her committee for their continued dedication to the Scholarship program.

In June, we also reached out to members and the community to hold a St Mary's Food Drive. It was overwhelmingly successful. 662 pounds of food was collected. That was enough to feed 551 meals for those in need in our community. Our community involvement is an important key to our legacy.

In July, the Duel in the Desert took place July 7th at Talking Sticks Golf Course. This is our annual competition against our sister club Desert Trails in Tucson. Desert Mashie came through again with flying colors and was able to retain the perpetual trophy. Our Juniors, competed in the WSJGA Allan Bennett Tournament July 23rd-26th, traveling to Las Vegas. They returned safely, winning several places in the event. Again, I thank Sean Colebrook for his coordination and leadership.

In Aug, the Junior Golf Fundraiser was held Aug. 3rd at Papago Golf Course. Thanks to Patricia Crenshaw and her committee for putting on a meaningful event. Our Juniors are our future.

In Sept, a team of 4 ladies represented Desert Mashie in the NAACP 3rd Annual Tournament on Sept. 14th at the Wigwam Resort. The team of Carolyn Suttles, Naomi Bryson, Ida Backmon and Debra McCullough made a showing in purple. Sept 26th – 28th, the WSGA Women in Golf North/South Shoot out was held in Texas. It was the 29th Annual and the theme was "Putting on the Ritz" Texas Style. Desert Mashie was represented by 4 ladies: Cheryl Marshall, Emma Mosley, Naomi Bryson and Carolyn Suttles. Desert Mashie is considered the North. We finally won the match play event and brought home the perpetual trophy. We hadn't won in 7 years. Congratulations ladies for a fine showing in both events..

Carolyn Suttles
Desert Mashie President

Rules with AI Loveless

4.3a/1 – Limitations on Using Green-Reading Materials

With the latest Rules of Golf update being launched this past January, there are now stringent limitations on green reading materials. A full excerpt interpreting Rule 4-3a(1), which governs this situation is listed below. Specific items to make note of are that the green reading materials now have a scale limitation: 3/8 inch : 5 yards (1:480 scale, or smaller). There is also a size limitation (4.25 X 7 or smaller). In addition, for digital applications such as you refer, the app must not only meet these initial requirements but also: 1) must restrict the ability to zoom in on the green image, and 2) any type of application which provides the player a recommended line of play is also never allowed within the rules.

Aside from these standard Rules of Golf based restrictions, it is at the discretion of the committee presenting a tournament to further restrict use of these type of materials, so please check locally if any additional considerations are imposed for the event you are participating.

Electronic or Digital Putting Green Maps (Phone Apps)

In electronic or digital form, any image of a putting green must meet the above scale and size limits.

Even when an electronic or digital putting green map meets the above limits, the player is still in breach of Rule 4.3 if the player uses any device in a manner not consistent with the purpose of these limits, such as by:

- Increasing the size of the green's representation beyond the scale or size limits;
- Producing a recommended line of play based on the location (or estimated location) of the player's ball (see Rule 4.3a(1))
